

Ideation Phase Empathize & Discover

Date	04 July 2026
Team ID	
Project Name	Plugging into the Future: An Exploration of Electricity Consumption Patterns
Maximum Marks	4 Marks

Empathy Map — Energy Policy Analyst (Consumption Trends & COVID Recovery)

Empathy Map

Pain

Hard to see the full national trend at a glance

Manually splitting pre/during/post lockdown data is tedious

Explaining findings to non-technical stakeholders is hard

Gain

One dashboard clearly shows the trend shift

Confidently identify which states lead or lag in recovery

A story that communicates findings directly to decision-makers
